Comment. The following is a tabulation on the monthly uranium ore quota broken down according to dispatching railroad stations:

25X1

<u>Railroad Station</u>	<u>Number of Cars</u>	<u>Quota (in Metric Tons)</u>
Annaberg - Buchholz	240	3,600
Breitenbrunn	140	2,111
Aue	385	5,935
Total	765	11,646

25X1

This tabulation indicates that a new peak was reached in September 1955. Until now, the maximum was reached in June 1955 with 11,493 tons.
